

# Let's try on **SOUNDWALK** -The 1st wearable audio system in the world!

It's my real story. Last summer, I suddenly found myself deaf to the world when I listen to the music with headphones. I wanted to feel the sound as if I were at a summer evening rock concert in the park.

Now, I can ride my bike and take the music with me on my shoulder. And I'm no longer deaf to the world.

It's your turn to try on Soundwalk

## Product Concept

Until now, the only way to listen to portable music player is via headphones. But the AZA Soundwalk, using light-weight speakers located in the shoulder straps, provides vivid surround sound. The Soundwalk is a unique hybrid of function and fashion. It's slim vest-style design comes in Various colors and highlight strips provide an added measure of security for night time sports.

## Specification

Model: SW-501  
Weight: total 850g (including speakers: 300g)  
Speaker output: 2w (1w+1w), 4ohm/each  
Made in Korea (Designed by Azaextremes)

## Patent & Registration

Korean utility patent (30-2005-0013488): 7 clause  
US Utility Patent : APP#2004-0030598  
Soundwalk : Design and trade mark registered

*"It's all about hands and ears free."*

Wearable Audio Series 2007(vol.III)

## Wearable Audio System **SOUNDWALK**

AZAEXTREMES has developed the "SOUNDWALK" to reduce the risks involved with the use of earphones during outdoor activities. It is an innovative sound system that allows people to enjoy music freely and safely while cycling, motorbike, inline skating, hiking and jogging etc.

Unlike earphones, which block people's sensitivity for their surroundings, the SOUNDWALK uses speakers built into the shoulder straps, so wearers can respond quickly to unexpected situations.

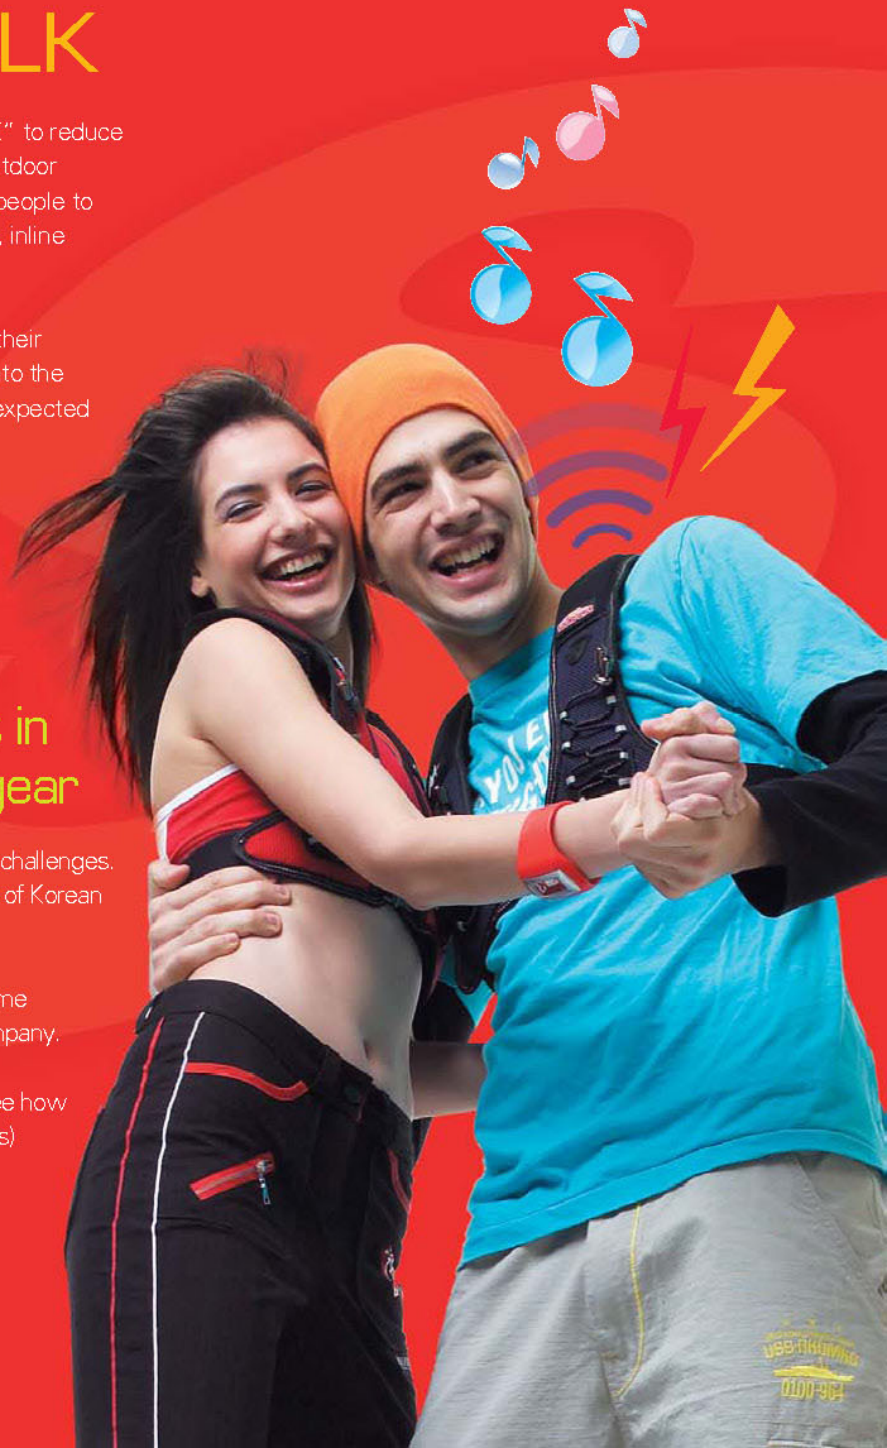

The system is designed to deliver a stereo sound with surround effect when connected to portable music players such as MP3 players.

## AZAEXTREMES - Specialist in "Sportronic" gear

"AZA" is the word Koreans use to cheer athletes facing challenges. Its meaning is deeply rooted into the thousands of years of Korean history.

Our vision is to establish AZA EXTREMES as a brand name recognized throughout the world as a leading sports company.

Our current products are under constant evaluation to see how they can be improved (your comments are precious to us) and we continuously research and test new products to make your active life safer and more enjoyable.
